

MR. DUCKETT

Carl:

These are basically the same vu-graphs you used for the IR Course briefing last May.

The DDR/DDS&T growth chart is being worked on to show personnel figures as of 30 Sep 67 and should be available by COB tonight. There are also some new [REDACTED]

25X1A

The separate stack of vu-graphs holds some extras of the [REDACTED] and RD&E distribution.

25X1A

Do you wish to add any other vu-graphs?
